DALLAS • LOS ANGELES

**A GAME FOR FOUR PLAYERS**

Remove the Eggs from the box, each player selecting a color, and taking his Six Eggs of that color places them in front of him on the table (not in the box).

**TO PLAY THE GAME:** The player having the Red Eggs spins the indicator, and should the arrow land on a Blue Space the player having the Blue Eggs places one of them in any of the holes in his Blue Nest, and then spins the indicator.

Should the arrow land on a Red Nest the player holding the Red Eggs places one of them in any of the holes in his Red Nest, and then spins the indicator.

Should the arrow land on the Green Space, the player with the Green Eggs places one of them in any of the holes in his Green Nest, and then spins the indicator.

Should the arrow land on a Yellow Space, the player with the Yellow Eggs places one of them in any of the holes in his Yellow Nest, and then spins the indicator.

**NOTE:** After a player places an egg in his nest he then spins the indicator. In other words, every time the arrow lands on a space of any color, the player having the egg of that color places one in his nest and spins the indicator.

Continue playing until one of the nests is filled with eggs and the player first accomplishing this **WINS THE GAME.**
